INTERNSHIP ABROAD

The student has to look for a research group to host him during the internship, and check that the proposed research project is in line with green chemistry.

Professors from the M2 CV may help the student to identify some suitable research groups abroad.

In any case, and **before contacting any research group abroad**, send your application to C. Kammerer (kammerer@cemes.fr) with:

- a CV (in english)
- a cover letter (in english)
- all transcripts of records (since Licence 1)
